## SUMMARY

SEO and web management professional with 3.5+ years of experience running end-to-end SEO and website operations for e-commerce businesses. Skilled in technical SEO audits, on-page optimization, SEO-based content writing, and off-page link building, combined with hands-on website management across Shopify, WordPress, and custom-coded platforms.

## WORK EXPERIENCE

### Web Manager — OPEA, Gojra

Oct 2023 – Sep 2026

- **On-Page SEO:** Conducted targeted keyword research, optimized website content, and improved metadata to boost organic search rankings and relevance.
- **Technical SEO:** Optimized robots.txt files, XML sitemaps, and Core Web Vitals on the e-commerce platform, resolving indexing errors in Google Search Console to enhance crawlability and site speed.
- **Off-Page SEO:** Grew website domain authority to an Ahrefs **Domain Rating of 14** through consistent link-building campaigns, directory submissions, and digital PR strategies.
- **Analytics:** Manually implemented Google Tag Manager (GTM), Google Analytics 4 (GA4) events, and Meta Pixel tracking codes and conversion events directly into the source code.
- **E-Commerce:** Configured Google Merchant Center for optimized product feeds and Google Shopping visibility, while utilizing Microsoft Clarity heatmaps to drive UX-informed SEO improvements.
- **Development:** Worked with the development team on the Laravel-based e-commerce platform to build and extend e-commerce functionality, identifying bugs and functionality issues and verifying fixes after implementation.
- **Management:** Managed product photography, catalog uploads, inventory dispatch workflows, and Cash-on-Delivery (COD) portals. Handled cross-functional team coordination and social media content posting.

### SEO Executive — BriskBase Software House, Gojra

Oct 2022 – Sep 2023

- **Content SEO:** Wrote and optimized SEO-based content across multiple client blog sites to improve organic search visibility.
